I would like my boat lifted and blocked week commencing/re-launched week commencing:

Monday 3rd November 2025- Re-launch week commencing 6th April 2026

☐

Monday 3rd November 2025– Re-launch week commencing 16th March 2026

☐

Monday 17th November 2025 - Re-launch week commencing 23rd February 2026

☐

Leave my boat in the water BUT

Winter Works required by (Date): _____

Spring Works required by (Date): _____

Please Note:

- 1) Boat lifting/re-launching takes place within a two-week block; please be advised we are unable to give you an exact date for lifting/re-launching your boat within your chosen block.
- 2) Once lifted the dates remain fixed; the location of your boat within the yard relates to the re-launch date of your Boat.
- 3) Storage ashore is free for six months from 1st November until 30th April for annual Aquavista customers only. All other craft will incur a storage fee at £3.70 Per ft, per month plus VAT, except for those boats booked in for winter/spring work with Marlex.
- 4) The area around and under your boat must be clear of rubbish and removed from site or will be charged accordingly.

MARINE ENGINEERING & BROKERAGE

7a Marina View, Buckden Marina, Mill Road, Buckden, Cambridgeshire, PE19 5BH

www.marlexmarine.co.uk www.boatinland.co.uk

Telephone 01480 812225

				Winter	Spring		
BOAT LIFTING PRICES		Price	Tick	Office Use	Office Use	Job No.	Invoice number
To collect boat from mooring berth Lift out and chock off on hard-standing	Per Foot	£ 8.70					
Re-launch and Return to mooring in the Spring	Per Foot	£ 8.70					
Move on hard-standing if work not completed by the Owner at launch date	Per Move	£ 175.00					

ENGINE SERVICES			Price	Tick	Office Use	Office Use	Job No.	Invoice number
100 hour / Annual Engine Service Petrol up to 4cylinder		Per Engine + Parts	£ 225.00					
100 hour / Annual Engine Service Petrol 5 to 8 cylinder		Per Engine + Parts	£ 276.00					
100 hour /Annual Engine Service Diesel		Per Engine + Parts	£ 225.00					
Dose fuel tank with stabilizer / conditioner		Per Tank	£ 32.25					
Gear box oil and filter change		Per Unit + Parts	£ 64.50					
Inhibit engine internally (fogging)		Per Unit	£ 32.25					
Remove / Refit lower unit for security (outboards)		Per Unit	£ 64.50					
Engine Winter decommissioning		Per Hour +Parts	£ 64.50					
Test Battery condition / Top up cells		Per Hour	£ 64.50					
Corrosion guard engine and ancillaries		Per Unit	£ 64.50					
Engine re-commissioning – Spring		Per Hour	£ 64.50					
100 hour / Annual Engine Service Outboard up to 20hp		Per Engine + Parts	£ 225.00					
100 hour / Annual Engine Service Outboard 20hp +		Per Engine + Parts	£ 276.00					
Complete Outdrive service		Per Hour + Parts	£ 64.50					
	Cost of outdrive servicing varies depending on make, model and condition. Volvo - typically 7 hours / Mercruiser - 10 hours, Including gimbal. Outdrive oil should be checked every time the boat comes out. Mercruiser drives should be removed and have the shaft re-greased every year. Insurance companies are now inspecting the condition of outdrives and walking away from claims for sunken boats when improper maintenance of the drive is suspected.							

Domestic systems		Price	Tick	Office Use	Office Use	Job No.	Invoice number
Decommission fresh water system	Per Hour	£ 64.50

Clean compound and polish hull only (excluding materials)	Per Foot	£ 15.00					
Clean compound and polish superstructure only (excluding materials)	Per Foot	£ 18.50					

GUIDANCE INSTRUCTIONS FOR COMPLETION OF LAYING UP/FITTING OUT FORM

(Terms and conditions)

We have asked that you indicate when you wish the Laying-Up of your boat to begin and when you would like your boat re-launched. As we can only Lift/Lay-Up/Re-Commission a limited number of boats per day, labour will be allocated on a **'first come first served basis.'**

When dates have been given it may not be possible to bring forward or delay your instructions without additional charges being made.

Every effort will be made to meet your specified dates; however, the Company cannot be held responsible for unforeseen delays, due to inclement weather conditions, staff sickness or shortage of parts, etc.

In certain cases, due to corrosion or lack of use, additional time may be required to carry out some of the listed tasks, in which case you will be informed if any problems have been encountered. The above information also applies to badly fouled hulls, which may require hand scraping.

If you have a boat with ageing or non-production engine systems or equipment, this may require additional labour charges, we will wherever possible contact you prior to any work being undertaken.

The Company cannot be held responsible for any articles or any equipment left on the boat whilst laid up on hard standing,, including outboard engines. We would advise that you remove all valuable articles prior to your boat being laid-up. Please ensure that any loose or fragile items on board your boat are packed away safely. It is recommended that gas bottles are removed from the boat and any fuel left in tanks should be treated with the appropriate additive. Please contact us if you require any advice regarding additives.

We have listed all of the essential laying up tasks that we believe are necessary for the safety of your boat during the winter months and for re-commissioning in the Spring; we will be pleased to undertake or quote for any additional work that you may require.

Please note that at present there is no electricity or fresh water available within the boat storage area.

Strictly no Contractors are permitted to work in the compound without Marlex Marine Technology Ltd.'s written consent. Following consent, any approved Contractor must provide valid insurance and are required to provide proof in the form of an invoice or agreed quote to the gross sale figure to enable the calculation of the yard commission. In the absence of confirmation of the gross sale figures the commission will be assessed on a likely cost of completion.

Any persons entering the boat storage compound do so at their own risk. Any works undertaken by boat owners is done so at their own risk. Owners are responsible for any losses or damage they make to their own or any other person's property. Due to health and safety we are not allowed to lend out any equipment including ladders. Another responsible adult should accompany any person working in the compound. (No lone working, if you fall off your ladder you could be laying there for hours without being found!).

Compound opening times: 9-5 Weekdays / 10-4 Weekends. You can only gain access to your boat between these times. The site will be closed for two weeks during the Christmas break; during this time there will be no access to the boat compound.

Please be advised we specialise in the following and are more than happy to discuss any requirements you may have for the following:

- Mercruiser – authorised main dealers
- Heating – Webasto, Eberspacher
- Mastervolt – authorised installers

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Please note - Prices are for labour **only**, materials and VAT will be charged at the prevailing rates.

Please ensure that a set of keys are left in the Marina Office before your selected start date otherwise you may miss your block and we cannot guarantee you a space.
